## THE PHILBRICK FUND

---

The Philbrick Fund is now the only fund handled by the selectmen. There have been some changes in the various items and a statement of the several amounts and the income from them follows:

In town treasury, \$1,701.25 yielding  $3\frac{1}{2}\%$ .

In Amoskeag Savings Bank, \$1,200 yielding  $4\frac{1}{2}\%$ .

This amount (\$1,200) was derived from the sale of Manhattan Beach R. R. stock.

During the year 1928 the Liberty Bond matured and this amount, \$150, is included in the amount \$1,701.25.

One fourth of the income of this fund is payable to the school district for No. 1 school, and the remainder, after paying for the care of the Philbrick cemetery, is payable to the trustees of the Philbrick-James Library.

## REPORT OF SUPERINTENDENT OF SCHOOLS.

---

To the School Board of Deerfield:

I submit my report for the school year ending June 30, 1928.

### Teachers.

The only change in the teaching staff was made at the Parade school, where Miss Mary Szlosek of Hollis was employed. Mrs. Robinson was obliged to give up her work at the Center school for several weeks on account of ill health. Her place was ably filled by Mrs. Sara K. Simpson.

### Instruction.

I still insist that even experienced teachers must necessarily refresh their preparation for their work, by attending summer schools or by considerable professional reading in order to give the best service. I further believe that we should employ trained teachers to the end that we should obtain more efficient service and economy of time for pupils.

### Health Supervision.

During the latter part of the year, this work which had been somewhat interrupted, was resumed under the charge of Mrs. Nora D. Reese, R. N., of Manchester. Mrs. Reese came to us from a long experience in such work and did her work thoroughly. She found a large number of school children unvaccinated. Therefore, she proceeded to organize a clinic under charge of Dr.

Weaver of the State Board of Health, who vaccinated forty-three children at the close of the spring term.

#### Classification of Pupils.

Your Superintendent is planning a careful survey of all the pupils, by using standard tests, with a view to determining how our pupils stand in comparison with thousands of children throughout our nation. The results of this survey may result in some readjustments of individuals to classes so that they get the most value from their school work.

I appreciate the apparent cordial relations between your Board and the Superintendent. Harmonious feelings are essential to the best administration.

Respectfully,  
FRANK C. THOMPSON,  
*Supt. of Schools.*
